ARIEL PLUS

Promoting small scale fisheries and aquaculture transnational networking in Adriatic-Ionian macroregion PLUS

ARIEL PLUS main objective is to maximize the transferability and durability of the ARIEL project main outcomes towards innovation speed-up and uptake in the small-scale fisheries and aquaculture sectors within and beyond the Adriatic and Ionian area, leveraging future initiatives and investments for smart and sustainable blue growth of coastal communities. Thanks to a renewed cooperation of 6 institutional and scientific partners from Italy, Croatia, Montenegro and Greece, ARIEL PLUS intends to consolidate and widen the innovation brokering approach and tools to facilitate and support the practical knowledge valorisation, the co-creation and exchange of new ideas and novel solutions for day-by-day needs of the small-scale fisheries and aquaculture actors.
